Email: dave@sewingcenter123.net

Dear Teachers,

As we quickly entering the end of another school year, lets think green! No post cards this year, but a quick email will do just as good, or a phone call to our toll free number, 1-800-962-7180! Our email is dave@sewingcenter123.net or gsc@gallatinriver.net or gsc@grics.net. They all work and the response will be immediate from us. We can verify the service date, and time as well as take care of problems during the year, without the extra time needed to call us.

As far as service, it is once again the same as last year even though our costs have gone up. The only variance would be trip charges, as the cost of gas is so unpredictable. So here is your 2008 charges for summer service:

Regular machines: \$20.00 per unit

Embroidery machines: \$45.00 per unit

Sergers: \$25.00 per unit

There is an additional charge of \$5.00 per machine for less than 15 units.

All work is guaranteed for the full school year with the exception of vandalism or normal wear on obsolete equipment.

Current grants are still available, please contact me via email for more information, or check out our web site for this and more! Also on our website it is very easy to obtain information on new sewing machines and products.

Just go to www.sewingcenter123.com and click on consumer teachers, then click on whatever you need! Your password is askdave, all small letters! Please respond to me as soon as possible so I can get everyone scheduled for summer service. I will enclose a postcard for those who find this quicker more convenient.

Thanks so much!
Dave Gillett
